

**MPhil in Health Systems**  
**Survey Methods**  
**Academic Year 2023**

**Schedule**

**Lecturers**  
 Annibale Cois (**AC**)  
 Stacey Blows (**SB**)  
 Rifqah Roomaney (**GL1**)  
 Jerall Toi (**GL2**)  
 Alberto Caoci (**GL3**)

**Sessions**

| Session/Time                 | Topic                                                                 | Lecturer(s) | Preliminary activities | Additional materials & notes                                                                                                                                                             |
|------------------------------|-----------------------------------------------------------------------|-------------|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Session 1: 04/05/2023</b> |                                                                       |             |                        |                                                                                                                                                                                          |
| 08:30 – 09:30                | Lecture 1.0 - Introductions and course overview                       | AC, SB      |                        |                                                                                                                                                                                          |
| 09:30 – 10:30                | Lecture 1.1 - The scope of survey research                            | AC          |                        | Online survey                                                                                                                                                                            |
| 10:30 – 10:45                | Break                                                                 |             |                        |                                                                                                                                                                                          |
| 10:55 – 11:45                | Lecture 1.2 - Surveys in health research                              | AC          |                        | Videos: <a href="#">CHIS Overview video</a> ,<br><a href="#">DHS Overview Video</a> ,<br><a href="#">HUTS Overview video</a> , <a href="#">CRH survey video</a><br>Readings for exercise |
| 11:45 – 12:30                | Lecture 1.3 - Formalising the survey process (I)                      | AC          |                        |                                                                                                                                                                                          |
| 12:30 – 13:30                | Lunch                                                                 |             |                        |                                                                                                                                                                                          |
| 13:30 – 13:30                | Lecture 1.3 - Formalising the survey process (II)                     | AC          |                        |                                                                                                                                                                                          |
| 13:30 – 14:30                | Exercise 1 - The SurveyLab environment                                | AC          |                        | In-class exercise                                                                                                                                                                        |
| 14:30 – 16:00                | Exercise 2 - <i>SurveyLab</i> exercise II<br>Describe the environment | AC, SB      |                        | AC/SB available online during exercise                                                                                                                                                   |

|                              |                                                                            |        |                        |                                        |
|------------------------------|----------------------------------------------------------------------------|--------|------------------------|----------------------------------------|
| <b>Session 2: 11/05/2023</b> |                                                                            |        |                        |                                        |
| 08:30 – 09:30                | Lecture 2.1 - Survey error                                                 | AC     |                        |                                        |
| 09:30 – 10:00                | Lecture 2.2 - Target population, study population and sampling             | AC     | Reading: Leibbrand2009 |                                        |
| 10:00 – 11:00                | Lecture 2.3 - Sampling strategies (I)                                      | AC     | Reading: Sholtz2021    |                                        |
| 11:00 – 11:30                | Break                                                                      |        |                        |                                        |
| 11:30 – 12:30                | Lecture 2.3 - Sampling strategies (II)                                     | AC     |                        |                                        |
| 12:30 – 12:45                | Presentation of Assignment 1                                               | AC     |                        | Assignment 1                           |
| 12:45 – 13:45                | Lunch                                                                      |        |                        |                                        |
| 13:45 – 14:15                | Presentation of results of exercise 2 and discussion                       | AC, SB | Complete exercise 2    |                                        |
| 14:15 – 16:00                | Exercise 3 - <i>SurveyLab</i> exercise III<br>Sampling, bias and precision | AC, SB |                        | AC/SB available online during exercise |
| <b>Session 3: 18/05/2023</b> |                                                                            |        |                        |                                        |
| 08:30 – 9:30                 | Presentation of results of exercise 3 and discussion                       | AC     | Complete exercise 3    |                                        |
| 09:30 – 10:00                | Exercise 4 - <i>SurveyLab</i> exercise IV<br>Sampling, bias and precision  | AC     |                        | In-class exercise                      |
| 10:00 – 11:00                | Lecture 3.1 - Power, precision and sample size                             | AC     |                        |                                        |
| 11:00 – 11:30                | Break                                                                      |        |                        |                                        |
| 11:30 – 12:00                | Lecture 3.2 - Measurement                                                  | AC     |                        |                                        |
| 12:00 – 13:00                | Lecture 3.3 - Questionnaires                                               | SB     |                        |                                        |
| 13:00 – 14:00                | Lunch                                                                      |        |                        |                                        |
| 14:00 – 16:00                | Exercise 5 - <i>SurveyLab</i> exercise V<br>Response rates                 | AC, SB |                        | AC/SB available online during exercise |
| <b>Session 4: 25/05/2023</b> |                                                                            |        |                        |                                        |
| 08:30 – 09:00                | Presentation of results of exercise 5 and discussion                       | AC     | Complete exercise      |                                        |
| 09:00 – 10:00                | Lecture 4.1 - Non-response bias                                            | AC     |                        |                                        |
| 10:00 – 11:00                | Lecture 4.2 - Modes of administration                                      | SB     |                        |                                        |

|                              |                                                             |               |                                                       |                                                       |
|------------------------------|-------------------------------------------------------------|---------------|-------------------------------------------------------|-------------------------------------------------------|
| <b>11:00 – 11:30</b>         | <b>Break</b>                                                |               |                                                       |                                                       |
